

Singing Medicine

with Robin Landsong & John Utter

"When Robin and John sing, the Windows of Heaven melt away and our doors disappear."
from a couple who attended a recent Singing Medicine event

Feel your body & spirit awaken, experience profound communion

Saturday, October 15th 7:00pm-9:30pm

Old Whitman School Building, Aberdeen 104 South Chehalis, Suite 4

Tickets \$15 in advance, \$18 at the door

Results

Everyone experiences different results. Some say they feel deeply seen. Many have been profoundly moved, and have renewed creativity for their purpose. Some experience emotional or physical healing, pain reduction, and tremendous "ah ha" experiences. For others being sung to by John and Robin have been pivotal life events.

"You gave me a part of my life back and I will always remember that. Don't stop doing what you do best. You both have a special gift."

What happens at the Event

After some simple grounding exercises John and Robin go around the circle and sing to each person in a way that is always completely unique. The whole group benefits while one person is receiving. After this there is an option (you don't have to sing) for the whole group to tone in together and share experiences.

Bring friends! Families with children are welcome. We will sing to families first since kids may not be able to last for the whole time. We do ask that children are relatively quiet and not run around so everyone can stay focused.

Come join us!
